

# Virtual Party Know-How

**Mention this sheet and get 50% off any item when you host your own Virtual Party!**

<h1 style="font-size: 48px;">1</h1> <p>Pick a month you want to throw your virtual party and let me know.</p>	<h1 style="font-size: 48px;">2</h1> <p>I email you an invitation to forward on to all your friends &amp; family.</p>	<p>Your friends and family can learn about Norwex and browse products through your invitation.</p> <h1 style="font-size: 48px;">3</h1>	<h1 style="font-size: 48px;">4</h1> <p>Optional: If you would like to have people over to your home, I can do an online live presentation. You will need to have space to share a computer screen with your guests. Or you will need to have the appropriate equipment to display a website on your T.V. Then it would be like having an in-home party without me physically there. I'd be present through the internet.</p>												
<h1 style="font-size: 48px;">5</h1>	<h1 style="font-size: 48px;">6</h1>	<h1 style="font-size: 48px;">7</h1>	<h1 style="font-size: 48px;">8</h1>												
<p>Your friends and family submit their orders through the online invitation.**</p>	<p>I send an invoice to any purchasing guests through email.</p>	<p>I collect your guests' credit card information over the phone or give them the option to send me a check in the mail.</p>	<p>I close the party and send the whole party order to your address.***</p>												
<h1 style="font-size: 48px;">10</h1> <p>If you have at least \$325 in sales, and some of your buying guests are from out of town, I will send you a variety pack of Flat Rate shipping boxes from the United States Postal Service. I will cover shipping costs based on this chart:</p>	<table border="1" style="margin: auto; border-collapse: collapse;"> <thead> <tr> <th style="padding: 5px;">Total Party Sales</th> <th style="padding: 5px;">I will cover up to this amount in shipping costs*</th> </tr> </thead> <tbody> <tr> <td style="padding: 5px;">\$325 - \$499</td> <td style="padding: 5px;">\$11</td> </tr> <tr> <td style="padding: 5px;">\$500 - \$749</td> <td style="padding: 5px;">\$22</td> </tr> <tr> <td style="padding: 5px;">\$750 - \$999</td> <td style="padding: 5px;">\$33</td> </tr> <tr> <td style="padding: 5px;">\$1000+</td> <td style="padding: 5px;">\$44</td> </tr> <tr> <td colspan="2" style="padding: 5px; text-align: center;">*It costs \$10.95 to ship a medium-sized flat rate box.</td> </tr> </tbody> </table>		Total Party Sales	I will cover up to this amount in shipping costs*	\$325 - \$499	\$11	\$500 - \$749	\$22	\$750 - \$999	\$33	\$1000+	\$44	*It costs \$10.95 to ship a medium-sized flat rate box.		<p>I send you the guests' receipts so you can package the orders when they arrive at your door from FedEx</p> <h1 style="font-size: 48px;">9</h1>
